## WARNING:

### TO REDUCE THE RISK OF FIRE OR INJURY TO PERSONS:

- ✓ To prevent any fire hazards, please ensure that the lamp is kept away from materials that may easily catch fire. We appreciate your cooperation in maintaining a safe and secure environment.
- ✓ For safety reasons, we recommend that only a qualified professional install this electrical product.
- ✓ Before attempting to install this unit, ensure all power connections are off for your own safety.

## CAUTION:

**FIXTURE(S) MUST BE INSTALLED IN ACCORDANCE WITH ALL LOCAL CODES AND ORDINANCES.**

**DO NOT INSTALL WITHIN 10 FEET OF A POOL, SPA OR FOUNTAIN**

### PRODUCT OVERVIEW

The PV51 PVC Post is designed for use with landscape lighting fixtures, offering a durable and secure foundation in soft soil or sand. Made of heavy-duty PVC with a black finish, this post includes a cap and a unique “Ground Grabber” stabilizer with ribs and teeth for maximum stability. It features a 1/2" threaded hole for compatibility with most landscape lighting fixtures.

## COMPONENTS INCLUDED

- 1x PVC Post with Cap (17.5" L x 3" W)
- Stabilizer Teeth and Ribs

## STEP-BY-STEP INSTALLATION INSTRUCTIONS

### 1. Preparation:

- Choose a suitable location in soft soil or sand for installation. Ensure the area is clear of large stones or debris.

### 2. Position the Post:

- Place the post in the desired location. Ensure that the stabilizer arms are positioned firmly on the surface.
- Use a level to ensure the post is vertically aligned.

### 3. Screw-in Method:

- Attach your lighting fixture to the post using the 1/2" threaded hole. This is compatible with standard spotlights and lawn lights.
- Screw the fixture tightly to secure it in place.

### 4. Stabilization (Optional for Added Strength):

- For additional durability, especially in areas with loose soil, the post can be reinforced with concrete.
- Pour the concrete around the stabilizer arms and allow it to cure.

## 5. Finishing:

- Once installed, ensure the fixture is stable and properly aligned.
- Adjust the lighting direction if necessary.

## CARE AND MAINTENANCE

- Periodically check the stability of the post and the fixture.
- Clean the post with mild soap and water to maintain its finish.
- Inspect the ground around the post to ensure that soil erosion has not compromised its stability.

## SAFETY INSTRUCTIONS

- Always wear protective gloves during installation.
- Ensure the power to the lighting fixture is off before handling any electrical connections.
- Follow local guidelines for outdoor lighting installation.
